Transport 2000 Ontario
Box 6418, Station "A"
Toronto, ON, M5W 1X3

Thank you for joining us in Transport 2000 Ontario

TRANSPORT 2000 ONTARIO CALLS FOR...

- Expansion and improvement of urban transit policies and a moratorium on expressways.
- Retention and improvement of rail and bus passenger service in all parts of the province.
- Rational transportation planning recognizing real costs as well as needs in today's world.
- Transportation intermodalism where each mode of transport is used to its best advantage.
- Consumer and user participation in all transportation planning processes.
- Practical access for the disabled in every mode of transportation.
- Road, air and rail modes of transport, for both people and goods, to be on a level playing field in terms of subsidy, taxation and regulation.
- Land use policies that promote liveable communities and public transit while intelligently limiting residential, commercial and industrial sprawl.
- Protection of abandoned rail lines for eventual transit and rail freight use. Interim use as low impact recreation trails is encouraged.

OUR ACTIVITIES INCLUDE:

- Consumer Advocacy
- Publicity and Information
- Research
- Presentations at Public Hearings
- Creation of Position Papers and Policy Statements
- Meetings and Excursions
